AppDirect Marketplace End-Customer Agreement

This Customer Agreement (the "**Agreement**") governs the relationship between AppDirect CSP, Inc. ("**AppDirect**") and Customer (as set forth in the sales order and/or statement of work (each referred to as an "**Order**") submitted by AppDirect to Customer for the services described therein (the "**Services**"), unless there is a separate agreement executed between Customer and AppDirect. AppDirect and Customer are referred to collectively as "**Parties**" and individually as "**Party**".

1. **Services**

1.1. **Acceptance.** Customer's use of the Services or payment of invoices or fees for Services, in full or in part, is deemed acceptance by Customer of the Order and the terms and conditions of this Agreement.

1.2. **AppDirect Services.** AppDirect will use commercially reasonable efforts to provide the Services to Customer. Except as otherwise agreed in the Order, Customer is responsible for providing its own computers, internet access, and other equipment and software (the "**Equipment**") meeting the specifications required to access and use the Services, as may be provided by AppDirect or the Third-Party Services (as defined below) provider required to access and use the Services.

1.3. **Service Terms.** The AppDirect Marketplace Terms and Conditions, the AppDirect Marketplace Privacy Policy, and terms that govern AppDirect services (including SmartSupport Services), each set forth at www.appdirect.com/legal, are incorporated by reference in this Agreement (collectively, the "**Services Terms**"). The Service Terms may be amended or supplemented from time to time by AppDirect.

1.4. **Third-Party Services.** The Services may include the resale or other provision by AppDirect of third-party products or services (the "**Third-Party Services**"). Customer's use of Third-Party Services, and AppDirect's liability with respect to Third-Party Services, are each subject to the terms, conditions and agreements, including service level agreements, provided by the respective Third-Party Services providers (the "**Third-Party Terms**"), links to which may be found at <https://www.appdirect.com/third-party-terms>. Protect data and accelerate business with identity-first security

Okta Workforce Identity Cloud provides easy, secure access to the workforce, enabling organizations to focus on reducing costs and enhancing customer service. We empower employees, contractors, and business partners to work easily and safely from any device and location. Our solutions integrate identity seamlessly across the security stack, offer features like User Lifecycle Management and low-code automation with Okta Workflows, and ensure secure, passwordless authentication. We also enable IT teams to streamline daily tasks and drive efficiencies across the business. We protect and enable the workforce, wherever they may be, and work as a powerful, extensible platform that puts identity at the heart of the stack.
