# AppDirect

Optimize your cloud infrastructure with AWS

FIND FASTER, BUY BETTER, SPEND SMARTER

AppDirect provides a one-stop-shop to find, buy, and manage all your technology subscriptions in one place. From productivity tools like Google Workspace and Microsoft 365 to cloud-based platforms like Azure and AWS, our dedicated team of experts will find the optimal technology solutions for your unique cloud journey.

01– FIND AND BUY THE LEADING SOLUTIONS

Simplify solution discovery

Work with dedicated experts to identify the right solutions for your organization's evolving needs and areas of opportunity with no upfront cost or obligation.

Self-serve Marketplace

Bring an e-commerce experience to the procurement process with an internal marketplace for you to find and buy all the services that power your business.

- Fast and secure app hosting
- Scalable, reliable, and secure global computing infrastructure
- Customize your OS, language, platform, and database
- Pay only for what you use

02 - SIMPLIFY BILLING AND INVOICING

Unified billing and invoices

Gain a better understanding of your IaaS spending with a clear view of all your invoices in one place. Save time with a single location to pay invoices.

Insights

Visualize spend and usage across AWS services to inform business decisions and identify cost savings.

03- OPTIMIZE YOUR SPEND

Manage spend with data-driven insights

Access CloudCheckr at no cost to manage cloud resources, enhance security and enforce governance.

Reduce monthly costs

Monthly savings with additional discounts or credits applied to your AWS bill.

Maximize your compute cost savings

Unlock the potential of Spot FinOps to optimize your AWS workloads and boost your bottom line.

Extend your team

Dedicated Professional Services teams that extend your capabilities to manage workloads, migrations, and projects.

Learn how AWS Workspace can help your business succeed

Join us for an free, one-hour, action-oriented workshop to help better understand and manage your cloud infrastructure.

Talk to your Advisor about booking an AWS Envision session.
